1 Rights and Obligations

1.1 Rights

The Affiliated Society or Adjunct Member will be granted the right to use the name of EUROAVIA XYZ, in which XYZ stands for the name of either the Affiliated Society's/ Adjunct Member's hometown, the district of the town or the name of the university. This name will be written, in principal, in the native language of the Affiliated Society/Adjunct Member. The Affiliated Society's/Adjunct Member's right to use the word EUROAVIA in its name expires as soon as its membership of EUROAVIA is ended.

- a. Every Affiliated Society/Adjunct Member has the right to have a written statement read aloud at any meeting of the EUROAVIA Congress if that Affiliated Society/Adjunct Member is not represented by an authorized representative at that meeting of the EUROAVIA Congress;
- b. Every member has the right to periodically receive information about EUROAVIA activities.

1.2 Obligations

The Affiliated Society's representatives will exercise the voting rights, delegated to them by the members of this Affiliated Society, at the General Meetings (also referred to as "Meetings of the EUROAVIA Congress").

Every Affiliated Society/ Adjunct Member has:

- a. the obligation to adhere to the EUROAVIA Statutes and Bylaws;
- b. the obligation to inform its members about coming meetings of the EUROAVIA Congress;
- c. the obligation to inform its members about EUROAVIA activities;
- d. the obligation to prepare a local report for each meeting of the EUROAVIA Congress;
- e. the obligation to hand in a local report at the latest during the second day of congress when there is no physical presence during a congress;
- f. the obligation to attend at least one full congress during a timeframe of 2 subsequent business years;
- g. the obligation to pay the international EUROAVIA membership fee before the Annual Meeting of the EUROAVIA Congress, also known as AMEAC;

- h. the obligation to pay any other possible debts to the International Board unless other agreements have been made with the Treasurer of the International Board;
- i. the obligation to include an authorization in the membership application form of the Affiliated Society/Adjunct Member for the Local Board to transfer the personal contact data of the member to the Membership Database of the International Board;
- j. the obligation to contribute to the Membership Database of the International Board by transferring an updated list of the members - and their contact data - of the Affiliated Society at least once before each meeting of the EUROAVIA Congress.

Every Affiliated Society has:

- a. the obligation to contribute on a regular basis to the EUROAVIA Newsletter;
- b. the obligation to organise an international event every five (5) subsequent business years.

Every Adjunct Member additionally has:

- a. the obligation to contribute to every EUROAVIA Newsletter.

1.3 Remedies

Affiliated Societies/Adjunct Members who do not comply with obligations mentioned in article 1.2, regulations, decisions of the Association or unreasonably disadvantage the Association can be nominated for disqualification by the General Meeting, a member or the International Board. In case of a presumed infraction the possible nomination for disqualification must be included in the agenda of the next Congress.

The process of disqualification must proceed according to article 8.4 of the Statutes.

Affiliated Societies can be terminated by the International Board according to article 8.3 of the Statutes.

2 Acquiring membership

- a. Any group of students eligible for membership may apply for membership. The application can be put forward by a group of at least five (5) prospective full personal members of this Prospective Affiliated Society/ Prospective Adjunct Member;
- b. Eligible for membership as Affiliated Society shall be associations of students interested in aeronautics and astronautics from cities within continental Europe (within the borders of the Arctic Ocean and other bodies of water to the North, the Atlantic Ocean to the West (including Iceland and the islands off the coast of Northwest Africa belonging to Spain and Portugal, including the Azores), the

Mediterranean Sea (including Cyprus and Malta) to the South, and the waterways connecting the Black and Aegean Seas, the Black Sea and connected waterways, the Caspian Sea, the Ural River and the watershed divides of the Ural and Caucasus Mountains to the East) can become a member of EUROAVIA. At the Eastern border, all cities in Georgia, Azerbaijan and Armenia are included. In addition to that associations from countries outside the region as defined above that have previously been home to Affiliated Societies of EUROAVIA may become members of EUROAVIA which means that all cities within Turkey and Israel are included in this definition as well;

- c. Eligible for membership as Adjunct Member shall be associations of students interested in aeronautics and astronautics from cities outside of the boundaries of Europe as defined in the article 2 b;
- d. Applying for membership is done by signing an application form, containing the obligation to adhere to the EUROAVIA Statutes and Bylaws, and sending it to an International Board member no later than four weeks before the meeting of the EUROAVIA Congress;
- e. At this meeting of the EUROAVIA Congress an introduction of the university to which the society is related and the structure of the education shall be given verbally;

- i. to provide all requirements for a smooth hand-over to the Designated International Board;
- j. to archive the documents deemed important to the Association such as the minutes of the congresses and contracts with sponsors. The International Board can handover this responsibility to a specific Affiliated Society if deemed necessary;
- k. to provide a Preparation Package that contains all relevant information and documents for the EUROAVIA Congresses to all (Prospective) Affiliated Societies / (Prospective) Adjunct Members no later than four (4) weeks before the start of the Congress.

3.2.3 Task division within the International Board

3.2.3.1 The tasks of the President

The President of EUROAVIA coordinates the work of the International Board. He/she supervises the accomplishment of the duties of the other International Board members. He/she may sign contracts together with the Treasurer. The total of all commitments may not exceed one thousand (EURO 1.000) EURO without consulting the EUROAVIA Congress, if the expenditures have not been foreseen in the Financial Plan.

3.2.3.2 The tasks of the Secretary

The Secretary of EUROAVIA is obliged to provide all Affiliated Societies and International Board members with a valid version of the Statutes and Bylaws and is also responsible for the supervision of the conformity of all actions of the EUROAVIA Congress and the International Board with the Statutes and Bylaws. He/she informs the Affiliated Societies of the agenda of the meetings of the EUROAVIA Congress one (1) month in advance. Any additional points to the agenda that are added later will be sent to the Affiliated Societies as soon as possible. He/she supervises the timely preparation and mailing of the minutes of the EUROAVIA Congress. He/she also assures that the International Board Midterm Report and Business Reports are sent to the Affiliated Societies at least two (2) weeks before the start of the respective congress.

3.2.3.3 The tasks of the Treasurer

The Treasurer of EUROAVIA is responsible for monitoring the International Board and Working Group expenses with respect to the Business and Financial Plan. He/she prepares the Financial Report of the International Board in accordance with internationally applied bookkeeping rules and sends the Midterm and Financial Report at least two (2) weeks before the start of the respective congress. He/she may sign contracts together with the President. The total of all commitments may not exceed one thousand (EURO 1.000) EURO without consulting the EUROAVIA Congress, if the expenditures have not been foreseen in the Financial Plan.

3.2.4 Decision making

Decisions within the International Board are made with an absolute majority of all the International Board members. In case the votes are equally divided, the vote of the President is decisive.

3.2.5 Exoneration

Exoneration has to be confirmed with an absolute two-thirds (2/3) majority ballot vote. Representatives voting against exoneration are allowed to have a written statement of their vote with arguments included in the minutes of that meeting of the EUROAVIA Congress.

3.3 Designated International Board

3.3.1 The Business and Financial Plan

- a. The Designated International Board prepares a Business and Financial Plan prior to the AMEAC at which it is installed as International Board and sends it to the Affiliated Societies at least two (2) weeks before the start of the congress;
- b. The Business Plan of the Designated International Board shall contain all planned activities of the International Board and exist of foreseeable Working Groups with their tasks;
- c. The Financial Plan of the Designated International Board shall contain a financial concept, based on international rules of bookkeeping, for each activity and Working Group in the Business Plan. In addition, the Financial Plan shall also consist of a second financial concept without respecting prospective or estimated donations and sponsorships.

3.4 The Auditors

3.4.1 Election and nomination

Nomination of candidates is done by acclamation at the AMEAC.

- a. Only persons present at the AMEAC may be nominated. They must not be members of the Designated International Board nor the International Board. Auditors may be re-elected for an indefinite number of terms;
- b. Candidates are elected by absolute majority.

3.4.2 Minimum content of the Auditors' Report

The written and signed report of the Auditors must at least contain:

- a. The exact time frame audited;
- b. A list of the accounts audited;
- c. A recommendation to the EUROAVIA Congress concerning the exoneration of the Treasurer.

3.5 Events

Those academic, educational, cultural and social events that are not organized on a purely local basis, and will be open to all members of the (Prospective) Affiliated Societies are considered official EUROAVIA international events if they fulfil the following minimal criteria:

- a. They have at least 15 EUROAVIA members, from other than the hosting (Prospective) Affiliated Society, registered after the end of the Free Cancellation period of the Applications;
- b. They provide accommodation, meals and transportation for all the participants during the whole event;
- c. The event lasts at least 3 (three) days.

The organizers are responsible for declaring their wish to organize a public event to the International Board. The use of the name EUROAVIA is subject to the permission of the International Board.

The International Board can temporarily give the status of EUROAVIA International event to any other event organized by an Affiliated Society of EUROAVIA whose aim is to pursue the permanent goals of the association.

Besides the EUROAVIA Congress the following events are considered international:

- a. Workshop;
- b. Air Cargo Challenge;
- c. Symposium;
- d. Fly-In.

3.5.1 Workshop

Workshops can be defined as the events where members of EUROAVIA come together to learn and practise new skills.

These workshops can be about soft skills such as Formation Workshop (also referred to as FoWo), technical skills, management, design or a type of skill that an organizer comes up with. The definition and the theme of a workshop must be approved by the International Board.

Under the roof of the EUROAVIA Internal Training System, regular training workshops are organized. EUROAVIA Trainers attend different kinds of workshops organized, as trainers or trainees.

3.5.2 Air Cargo Challenge

Air Cargo Challenge is a technical competition aimed at university students using their engineering and scientific knowledge to design, document, build and fly the aircraft that respects the regulations of this event.

3.5.3 Symposium

A symposium is a technical event with a specific topic. On this topic lectures will be given and workshops help the students to widen their experience in the field of engineering.

3.5.4 Fly-In

A Fly-In is an international event organized by one or more Affiliated Societies that use such a non-technical event to show the participants what their city can offer and what industrial and university sights in the surrounding are worth visiting. In addition to field trips the intercultural exchange and the teambuilding among the students are of core focus.

3.5.5 General Rules of EUROAVIA International Events

To assure high quality of International Events and enable good coordination, some basic regulations are defined. These should be used to avoid low numbers of participants or last-minute cancellations, but also to protect a (Prospective) Affiliated Society from failing in the organization or financial balance of their event. Two documents should be available to help (Prospective) Affiliated Societies prepare an international event: the event manual and the exam timetable. (Prospective) Affiliated Societies are encouraged to consult those documents before setting to prepare an international event.

- a. The (Prospective) Affiliated Society must notify the International Board when planning to organize an International Event. When setting up a date, the (Prospective) Affiliated Society should take into account exams, holidays and especially other international events that are already organized or fixed. It is clear however that the satisfaction of all the time constraints is not always possible;
- b. The organizing committee should start the preparation at least 6 months prior to the event in order to avoid last-minute work. Setting up a timeline with defined milestones for the organization is strongly advised;
- c. The maximum allowed regular participation fee is 100 Euros. This price is defined for a standard 5-days 4-nights event; the maximum allowed regular price for events of different duration should be derived proportionally to the duration itself. Under certain circumstances it is possible to exceed the participation fee. This should always be discussed and approved by the International Board, motivated by the impossibility of hosting the event otherwise;
- d. For getting the approval by the International Board, the event organizing committee must meet the following requirements at least four (4) months in advance of the event:
 - i. Provide a preliminary version of a financial plan;
 - ii. Provide a preliminary day to day schedule;
 - iii. Provide an estimated date of application period start.

- e. In addition to the requirements listed in point 3.5.6.d., the event organizing committee must provide an online website containing the following sections filled in, at least two (2) months in advance of the event:
 - i. Event related information (event description, sponsors, accommodation, etc.);
 - ii. Application form;
 - iii. Application procedure;
 - iv. List of participants, to be continuously updated during the application period.
- f. The organization committee is advised to create the event's rules taking into account (Prospective) Affiliated Society/(Prospective) Adjunct Member diversity, considering 2 participants from each (Prospective) Affiliated Society/(Prospective) Adjunct Member that applies to the event;
- g. The International Events Working Group Tutor (only 1) responsible of the international event has priority in the application list and he/she will not occupy the (Prospective) Affiliated Society/(Prospective) Adjunct Member places, but will be considered as a supplementary person for the (Prospective) Affiliated Society concerned;
- h. Applications start at least two (2) months prior to the event;
- i. Participants that apply in the first round of applications are to be confirmed to attend the event at least one (1) month prior to the event;
- j. If the International Board is sure that the International Event will not be successful, it will ask the hosting (Prospective) Affiliated Society to postpone or cancel the event;
- k. The Application Procedure:
 - i. The prospective participant fills out the application form on the event's website or sends it to the event organizers;
 - ii. The organizing committee sends a request to the respective (Prospective) Affiliated Societies/(Prospective) Adjunct Members asking for membership confirmation of the applicants. This ensures that all applicants are EUROAVIA members. The request must include:
 - 1. Applicants full names;
 - 2. Participation fee;
 - 3. Application & Cancellation Rules;
 - 4. Statement that the (Prospective) Affiliated Society/(Prospective) Adjunct Member takes the full responsibility of the confirmed applicant. This includes that the (Prospective) Affiliated Society/(Prospective) Adjunct Member will cover the costs of the event in the case of the applicant's refusal of payment.

- iii. The organizing committee confirms the place of the applicant, based on the event rules;
 - iv. If the member cancels his/her participation after the deadline, the respective the (Prospective) Affiliated Society/(Prospective) Adjunct Member is responsible for transferring the cancellation fee to the event organizers, under the condition that his/her place cannot be filled by someone else.
1. For the Application Procedure for Congresses (AMEAC, EMEAC, ExMEAC) a special procedure shall be implemented;
 - i. Set up a date for the Congress. It needs to be made sure that IB, DIB candidates/members have the opportunity to attend the congress;
 - ii. Set up a time period for application;
 - iii. Set up two different deadlines:
 1. Application period I: One-month application where every (Prospective) Affiliated Societies/ (Prospective) Adjunct Members can only have two application places and each Working Group can have one (1) application place;
 2. Application period II: An open application for members of all (Prospective) Affiliated Societies/ (Prospective) Adjunct Members for remaining places. The rules of the open application process are to be established by the organizing (Prospective) Affiliated Society/ (Prospective) Adjunct Member.

3.6 Working Groups

3.6.1 The institution

The body instituting a Working Group shall determine one International Board member as the responsible contact for the Working Group.

The instituting body shall define:

- a. Tasks the Working Group shall work on;
- b. Members of the Working Group and a Working Group coordinator;
- c. Time frame the Working Group shall work on the tasks. This information has to be contained in the task definition.

The name of the Working Group and names of the members of the Working Group shall be made public in the EUROAVIA Newsletter as soon as the International Board or the EUROAVIA Congress installs it.

3.6.2 Controlling and monitoring

The responsible International Board member shall supervise the whole work of the Working Group appropriately. The supervision shall concentrate on financial matters and schedule. Problems concerning these two items shall be resolved in close contact with the rest of the International Board and the whole Working Group. The Working Group is responsible to prepare a Financial and Business to be presented at every meeting of the EUROAVIA Congress. The Business and Financial Reports of the Working Group have to be sent to the EUROAVIA International Board six (6) weeks prior to the meeting of the EUROAVIA Congress, at the request of the EUROAVIA International Board.

3.6.3 Finance

Working Groups are responsible for a sound financial basis. The International Board covers all the costs of the Working Groups upon approval. This does not include the International Events (co-)organized by the Working Group.

3.6.4 The Working Group Members

Every member of an (Prospective) Affiliated Society/ (Prospective) Adjunct Member is eligible for joining a EUROAVIA Working Group. There are no requirements or prerequisites in order to join a Working Group unless requirements have been set and made public to all EUROAVIA members by the respective Working Group. EUROAVIA Alumni, whose experience can be beneficial for the Working Group members and their performance, are also eligible for joining a Working Group.

It is necessary for every member requesting to join the Working Group to prove his/her activity in EUROAVIA on local and/or international level and this activity has to be confirmed either by the member's (Prospective) Affiliated Society/ (Prospective) Adjunct Member or by the International Board. If the member's (Prospective) Affiliated Society/ (Prospective) Adjunct Member objects to the member's joining a Working Group, then the members of the Working Group will convene and discuss this issue taking into account both opinions, reach a decision through a vote about accepting the member in question as a member of the Working Group. This decision must be made public to both sides within one (1) week from the day of the meeting in which it was taken.

Exceptions for joining a Working Group can be made upon the approval of the International Board and the respective Working Group Coordinator.

3.6.5 The Working Group Coordinator

The EUROAVIA Working Group coordinator is the member of the Working Group responsible for its constant and steady function and making sure that the Working Group

is fulfilling its tasks as described in the EUROAVIA Bylaws. He/she is responsible for managing the team, arranging members' meetings on a regular basis, and working in collaboration with the rest of the members towards achieving all the goals of the Working Group as set in the EUROAVIA Bylaws and in the Business Plan.

The minimum requirements for applying as a Working Group coordinator are:

- a. Being a member of the Working Group for at least one (1) year;
- b. Has attended a EUROAVIA Congress at least once.

The term for a Working Group coordinator is set to one (1) year. It is possible for a coordinator to have multiple terms during his/her activity in the Working Group. The official call for coordinators will be sent among the Working Group members by the current coordinator or the International Board. If less than two candidates have applied until the deadline set in the call, the minimum requirements do not apply and every member of the Working Group can apply as a candidate coordinator.

A Working Group coordinator is elected during a members' meeting, in which the candidate member(s) presents his/her candidature in the form of a motivation letter and a presentation to the members. A session of questions to the candidate follows and after his/her presentation, the members decide on the election of the new coordinator with an absolute two-thirds (2/3) majority in a secret voting, whose results will be made public to the Working Group members and the candidate in the next meeting. The results and proceedings of the presentation, the questions session and the voting will be compiled and made public to the Working Group Members and the International Board no later than three (3) weeks after the voting. In the event of no candidate being elected, the current coordinator remains in office until the end of his/her term or when a new call for coordinator candidates is issued.

3.6.6 Affiliated Societies Working Group

3.6.6.1 Assignment

The tasks of the Affiliated Societies Working group are:

- a. to maintain and strengthen the communication among the Affiliated Societies and create a link between the Affiliated Societies and the International Board. In this way, members can establish their network within EUROAVIA, assisting each other and ensuring easy access to information regarding EUROAVIA activities;
- b. to ensure that Local Groups overcome the generation gap and find solutions to the problems that may arise in order to avoid inactivity;

- c. to enlarge EUROAVIA's network by reaching groups of interested aerospace students and supporting them through the whole process until they officially become Possible Prospective Affiliated Societies;
- d. to become the breeding ground under which the collaboration of the Universities bound to EURIAVIA's Affiliated Societies, can result in the formalization of the new ERASMUS+ agreements.

The following Units pursue to accomplish the aforementioned tasks:

- a. Board of Presidents Unit (BoP)
- b. Search and Rescue Unit (SaR)
- c. Expansion Unit (EAX)
- d. ERASMUS+ Unit (E+)

3.6.6.1.1 Board of Presidents Unit

The (Prospective) Affiliated Societies/ (Prospective) Adjunct Members are associated into regions of Europe, depending on their location and spoken languages. Each region has a coordinator (and a Back-up coordinator) who is responsible for maintaining a constant and effective communication between the (Prospective) Affiliated Societies/ (Prospective) Adjunct Members and the International Board, through frequent meetings using an internet-based communication platform. This meeting is called the Board of Presidents meeting (BoP) where each (Prospective) Affiliated Society/ (Prospective) Adjunct Member has the opportunity to share its experiences, ideas and problems and receive advice and assistance.

When a Prospective Affiliated Society/ Prospective Adjunct Member joins EUROAVIA, the Board of President Unit is responsible for providing assistance and guidance in the first steps of the Prospective Affiliated Society's/ Prospective Adjunct Member's activity.

Moreover, the Board of President Unit has the right to ask the (Prospective) Affiliated Societies/ (Prospective) Adjunct Members for any information deemed necessary in order to maintain a database that will serve as an effective tool to monitor the status of the association.

3.6.6.1.2 Search and Rescue Unit

This unit's targets are Affiliated Societies whose attendance to BoP Meetings does not reach a minimum level. It has to evaluate the local situation of the abovementioned Affiliated

Society and together with the International Board try to find solutions to possible problems that interfere with its normal operation.

3.6.6.1.3 Expansion Unit

The expansion strategy shall be discussed at the beginning of each Business Year, stating which places will be the main focus of this Unit. Social network and personal networks shall be used in order to find students who might become Potential Possible Prospective Affiliated Societies. Once this group is created, the Expansion Unit shall support them until the acceptance of their Motivation Letter.

3.6.6.1.4 ERASMUS+ Unit

This unit is in charge of establishing contact with the ERASMUS coordinators of the universities in which EUROAVIA is present so that to enhance possible ERASMUS+ agreements between the EUROAVIA network.

3.6.7 Communication Working Group

3.6.7.1 Assignment

The Communication Working Group is in charge of creating and designing the communication strategy of the association along with the International Board, to constantly improve the image of EUROAVIA, both for its members and third parties.

To manage the workflow, the Communication Working Group is composed of three (3) main units:

- a. Social Media Unit;
- b. Website Unit;
- c. Press Unit.

3.6.7.1.1 Social Media Unit

- a. Articles and reports written by the different LGs, WGs and (D)IB;
- b. Career Opportunities Section, from EUROAVIA Sponsors and Partners;
- c. Quizzes;
- d. Announcements about future conferences, workshops or symposia in the aerospace sector and organized by EUROAVIA bodies.

The EUROAVIA Newsletter is delivered every two months, on a regular basis in digital format to the entire EUROAVIA network.

Magazine

The EUROAVIA Magazine is aimed to be an external communication channel. It promotes EUROAVIA goals and achievements towards the aerospace sectors. It is published once a year and distributed all over Europe to both students and professionals in Aerospace Industries.

The contents are:

- a. A collection of the best articles, reports, quizzes published in the Newsletter;
- b. Interviews to experienced professors and professionals;
- c. Technical articles written by EUROAVIA members;
- d. A collection of the best pictures taken by EUROAVIA members, selected during photo contests.

The Press Unit has the right to edit the articles with regard to the grammar, syntax and layout without the consent of the contributor, while the content of the article with the consent of the contributor. The EUROAVIA Newsletter is published within three (3) weeks after the deadline at which the contributions should have been submitted to the Press Unit.

The Press Unit has the right to refuse contributions or to publish any articles considered improper for the EUROAVIA Newsletter or Magazine.

The Press Unit may determine one exclusive way for receiving the contributions for the Newsletter, which is binding for all contributors. The responsibility for publishing expires if the contribution has not been received in this exclusive way.

The Affiliated Society hosting the Press Unit is responsible for organizing, developing and publishing (not in financial terms) the EUROAVIA Newsletter and Magazine. The Affiliated Society hosting the Press Unit has the right to define and change the layout of the EUROAVIA Newsletter and Magazine. The International Board retains the right to set guidelines concerning the EUROAVIA Newsletter and Magazine. The International Board retains the right to give the task to another Affiliated Society in case of repeatedly disregarding of EUROAVIA interests.

3.6.8 Company Relations Working Group

3.6.8.1 Assignment

The task of the Company Relations Working Group is to help the International Board in establishing and maintaining communication with third parties, to manage the Marketing Strategy of EUROAVIA International and to communicate with the other WGs in order to develop all material needed and online platforms.

The Company Relations Working Group is also responsible for handling the relations with the collaborating Affiliated Societies and supporting the local level of EUROAVIA by transferring their knowledge and by working along with them to increase the number of partners, at local and international level.

Company Relations Working Group consists of units and subunits to ensure a good detachment of tasks and responsibilities among its members.

3.6.9 Design Working Group

3.6.9.1 Assignment

The Design Working Group is responsible for the development and maintenance of the EUROAVIA image. Thus, it keeps the EUROAVIA Corporate Identity up to date and oversees the creation of brochures, promotional material and commercials to increasing the visibility of EUROAVIA among its members and third parties.

Furthermore, this Working Group has to assure that the EUROAVIA Website Design is accessible, clear and professional by analyzing its appearance and developing changes if necessary.

3.6.10 EUROAVIA Training System Working Group

3.6.10.1 Assignment

The EUROAVIA Training System Working Group, whose members are only EUROAVIA Trainers, has the main task to deliver soft skill trainings to the different bodies of EUROAVIA (Working Groups, International Board and regular members).

For this purpose, it has to track and schedule the trainings to be delivered both inside and outside EUROAVIA's network.

Additionally, it supports the planning and organization of future Formation Workshops and Train-New-Trainers events, where EUROAVIANS are prepared to become professional certified trainers.

3.6.11 Human Resources Working Group

3.6.11.1 Assignment

The Human Resources Working Group promotes the EUROAVIA Working Groups between the members of the association encouraging them to become active at International Level.

Additionally, it helps the integration of new members into the selected Working Groups. This process allows on the one hand freshmen to minimize the time necessary to reach a basic level of tasks and working philosophy's knowledge through providing manuals and promotional material and on the other hand to make Working Groups free of this first training process.

The Working Group is also responsible to spread job opportunities through the EUROAVIA channels and to certify that the CVs incorporated into the database meet the standard requirements. Collaboration with third parties and Alumni shall be pursued in order to evaluate the quality of this task.

3.6.12 Information Technology Working Group

3.6.12.1 Assignment

The task of the Information Technology Working Group is to monitor and coordinate all internet-based activities of EUROAVIA. Furthermore, the Information Technology Working Group is responsible for the archiving of non-confidential electronic documents deemed important to the association such Congress Minutes, previous and current Business Plan and Financial Plan, Newsletter issues as well as pictures and video.

The task of hosting and monitoring of the Central Archive Web Server may be shared with an Affiliated Society after permission by the International Board.

3.6.13 Innovation and Development Working Group

3.6.13.1 Assignment

The Innovation and Development Working Group is responsible for studying and trying to implement new ideas that could reinforce and improve the structure of EUROAVIA, bring new visions and innovative solutions as a result of creative ideas from its members.

The Innovation and Development Working Group is also responsible for ensuring the supervision and fulfilment of the aims of its projects from conception until completion. It is also in charge of the effective application of its current projects in other Working Groups and (Prospective) Affiliated Societies/ (Prospective) Adjunct Members.

3.6.14 International Board Working Group

3.6.14.1 Assignment

The International Board Working Group is in charge of preparing potential experienced Designated International Board members, guaranteeing a smooth transition of the association's leadership.

The International Board makes a call for members after the Electoral Meeting of the EUROAVIA Congress, which remains open for two (2) months.

Every applicant must fulfil the following requirements:

- a. Be a member of a Working Group for at least six (6) months;
- b. Submit a motivational letter.

Once the open call is closed, a provisional list is provided to the Designated International Board members from which they perform an initial selection. The final list and the

motivational letters are included in the Preparation Package of the Annual Meeting of the EUROAVIA Congress, during which the approval of this list is voted upon.

If the list is rejected, the Congress representatives vote on each applicant individually. For both cases, an absolute two-thirds majority ballot vote is required.

The International Board Working Group members assist the International Board in the period between the Annual and Electoral Meetings of the EUROAVIA Congress. Following the latter, a new call for members is announced and the aforementioned process is repeated.

The tasks of the International Board Working Group members include:

- a. Assisting in reaching the goals of the association under the supervision of an International Board member. Every International Board member is free to define the workload and the task distribution for the Working Group members. Furthermore, every external representation of EUROAVIA to a third party that might be assigned to the Working Group members due to inability of the International Board, must be included in the Business Plan;
- b. Having meetings twice a month with the participation of the International Board as the Working Group responsible. This will help the Working Group members to have an updated overview of the management of the association, to recognize their tasks and to provide feedback.

All the tasks and responsibilities related to external contacts or third parties are not to be undertaken by any International Board Working Group member. The elected International Board members have the exclusive right and obligation of representing the association. Nevertheless, if the International Board is incapable of representing EUROAVIA at an external event, an International Board Working Group member can fulfil this role if approved by the International Board unanimously and this event has been specified in the Business Plan.

Regardless of the chosen task distribution, the International Board is the final responsible for the goals and tasks accomplishment, as set in the Business Plan. In case of misconduct, both the International Board and the International Board Working Group members will be obliged to justify their actions at the closest upcoming Congress.

3.6.15 International Events Working Group

3.6.15.1 Assignment

The International Events Working Group is monitoring the international events held by the (Prospective) Affiliated Societies/ (Prospective) Adjunct Members on a permanent basis. It ensures that the events organized will be of the highest quality by providing guidance and support to the organizers in order to plan and deal with an international event successfully

and that the general rules for a EUROAVIA event, stated in point 3.5.5, are being correctly applied. To achieve this purpose, the International Events Working Group is assigning a tutor for each (Prospective) Affiliated Society, willing to organize an international event, in order to maintain communication with the organizers on a regular basis.

The International Events Working Group is responsible to ensure that the 5-year timeframe for an Affiliated Society to organize an international event is correctly applied.

In the event that an Affiliated Society is not able to organize an international event in that timeframe, due to economic or other serious reasons, on the expiry of the five (5) years, the International Events Working Group, together with the International Board, can allow the Affiliated Society to organize a Cultural Exchange with another local group of EUROAVIA, gaining one (1) more year to organize the international event.

It is also responsible for making sure that a reasonable timeframe will exist between organizing international events in order to avoid overlapping one another.

3.6.16 Statutes and Bylaws Working Group

3.6.16.1 Assignment

The task of the Statutes and Bylaws Working Group is to make sure that the official Statutes and Bylaws of EUROAVIA are up to date and adequately meet the contemporary needs of the association, to help finance EUROAVIA activities and structural costs through active use of the European Commission funding platform, and to keep up to date on opportunities and due procedure for European Funds by:

- a. Coordinating the preparation of proposals for amending EUROAVIA Statutes and Bylaws and distributing them to all (Prospective) Affiliated Societies/ (Prospective) Adjunct Members in due time before a Congress;
- b. Renewing the agreements between EUROAVIA and foundations linked to EUROAVIA while observing compliance with EUROAVIA interests;
- c. Assisting the International Board in negotiating with new partners for collaborations;
- d. Sharing, with the International Board, the task of preparing and reviewing the necessary documents before the final agreement with the prospective partner;
- e. Ensuring new agreements are complying with EUROAVIA interests;
- f. Actively communicating with collaborating/partner entities in the gathering of European Grants information;
- g. Increasing EUROAVIA's understanding of European Grants mechanisms, opportunities and due procedures;

- h. Submitting applications for structural costs financing through European Grants.

4 Public Relations material

Affiliated Societies must not publish any material presenting the whole of EUROAVIA without the consensus of the International Board. Every Affiliated Society has the right to publish material related to local projects without interference from the International Board. The Working Group in charge of a EUROAVIA-wide project is responsible for issuing project-related material. All materials published must not be contrary to EUROAVIA interests. Only the official EUROAVIA logo may be used.

5 Decision Making

5.1 Motions

Only representatives, International Board members and Working Group leaders are allowed to put forward motions during EUROAVIA Congress Meetings. A person bringing forward a motion has to formulate the exact wording of the motion.

5.2 Legal Value of Congress Motions

Motions that refer to a general matter or a general decision concerning the regulations and governance of our association must be implemented in the Bylaws by the Statutes and Bylaws Working Group within three (3) years after the motion has been approved. A clear reference has to be formulated in the wording of the motion itself stating that the motion must be included in the Bylaws afterwards. Motions that are not implemented in the Bylaws within three (3) years after being approved lose their validity.

5.3 The votes

- a. Each Affiliated Society has 2 votes;
- b. Each Affiliated Society has 1 or 2 delegates;
- c. Each delegate has 1 vote from its own Affiliated Society;
- d. Each delegate can have one extra delegated vote, either from its own or from another Affiliated Society.

Thus, a single delegate that handed in both the authorization and delegation letter has two votes. A maximum of two members can represent their Affiliated Society and another Affiliated Society for a total of 4 votes.

A Prospective Affiliated Society shall not have any voting rights through a delegated vote from an Affiliated Society.

5.4 Quorum

Voting is only valid if the following conditions are met:

- a. At least 1/4th of the members (Affiliated Societies) must be present;
- b. At least 1/3rd of the countries represented in EUROAVIA must be present.

5.5 Hand-raising or ballot vote

Each Affiliated Society can put forward a motion. Normally a motion will be done by simple hand-raising vote unless:

- a. It's a vote about a person or persons;
- b. One or more members request for a ballot vote.

A hand-raising vote will consist of:

- c. Counting the number of voters, votes, Affiliated Societies and countries present (which is normally done at the reopening of the business meeting);
- d. Counting the number of votes "in favour";
- e. Counting the number of votes "not in favour";
- f. Counting the number of votes "abstention"

All "abstention" votes are counted as not in favour.

A ballot vote will consist of:

- g. Counting the number of voters, votes, Affiliated Societies and countries present (which is normally done at the reopening of the business meeting)
- h. Hand-out of the votes by the vote counters;
- i. Filling-in the votes with:
 - i. in favour;
 - ii. not in favour;
 - iii. abstention;
 - iv. null vote.

- j. Collecting the votes by the vote counters;
- k. Counting the votes by the vote counters (and eventually the secretary);
- l. Read-out of the number of votes for each category;

All “abstention” votes are counted as not in favour.

All votes that don't fall in the first 3 categories are null votes and counted as not in favour.

5.6 Majorities for specific votings

For the deprivation of a DIB membership:

- at least 2/3rd of the votes if at least 2/3rd of the members are present;

To suspend, dismiss or exonerate an IB (member):

- at least 2/3rd of the votes;

To change the Statutes or Bylaws:

- at least 2/3rd of the votes;

Acceptance as Prospective Affiliated Society, acceptance as Affiliated Society and postponement of acceptance as Affiliated Society:

- at least 2/3rd of the votes;

For all other votings a 1/2 majority (more than half of the votes) is sufficient.

5.7 Voting outside of a General Meeting

On the absence of a General Meeting and in a case of proved urgency such as financial decisions and strategic partnership alliances that requires the approval of the Congress, the International Board shall be authorised to pass a motion for considerations to all the Affiliated Societies. Before the start of the voting for the motion, seven (7) days shall be accounted for possible discussions and modifications to the motion itself. Online tools, e.g. SharePoint, shall be used for such discussion. After the discussion is closed, the voting shall take place within a timeframe of fourteen (14) days, during which the signatures of approval from the Presidents of each AS shall be accounted to gain a majority (as defined in section 5.6) to pass/reject the motion.

The results of the voting and the minutes of the discussion shall be presented during the next General Meeting.

6 Finances

6.1 Membership fees

A membership fee is a contribution paid once a year to EUROAVIA International in order to be a member of EUROAVIA with full rights and obligations. The membership fee is subdivided in an Affiliated Society/Adjunct Member's fee and fees for full personal members of the Affiliated Society/Adjunct Member and fees. This fee is applied to the previous 12 months.

6.2 Amounts

The amounts of the different fees are:

- a. for an Affiliated Society: 36 EURO;
- b. for a full member of an Affiliated Society: 2 EURO;
- c. for an Adjunct Member: 20 EURO;
- d. for a full member of an Adjunct Member: 1 EURO.

Prospective Affiliated Societies and Prospective Adjunct Members that join the association, i.e. they become an Affiliated Society/Adjunct Member, during the Electoral Meeting of the EUROAVIA Congress (EMEAC) are only required to pay half of the membership fees.

6.3 Terms

The number of full personal members and associated members of an Affiliated Society/ Adjunct Member shall be determined as of June 30th. The International Board Treasurer will send out the invoices three (3) months before the Annual Meeting of the EUROAVIA Congress (AMEAC). All fees must be paid one (1) month before the beginning of the AMEAC.

The International Board can consider making changes to the periods of payment in the case the Affiliated Society/ Adjunct Member asks for it.

Any taxes, charges etc. due to the money transfer are payable by the Affiliated Society/ Adjunct Member.

7 Membership Database

The Membership Database is exclusively owned by EUROAVIA. The International Board preserves the access and usage rights of the database. The Information Technology Working Group reserves the right to access, modify, develop, expand, maintain and service the membership database under the supervision of the International Board.

- a. The Membership Database shall at least contain the following data of each member:
 - i. First name;
 - ii. Last name;
 - iii. Gender;
 - iv. Affiliated Society the member belongs to;
 - v. Email-Address;
 - vi. Birth year;
 - vii. Nationality.
- b. And further the following data is optional:
 - i. Birth place;
 - ii. Studies;
 - iii. Graduation date;
 - iv. Phone number.
- c. The personal data of members should never be disclosed to any third party or other members of EUROAVIA, with the exception of the International Board and the Information Technology Working Group members designated to manage the membership database. However, EUROAVIA may publish and provide cumulative statistics to third parties.
- d. The e-mail addresses collected and stored in the Membership Database may only be used by EUROAVIA for sending e-mails related to the following topics:
 - i. Career opportunities;
 - ii. International Events announcements;
- e. The International Board is responsible for the confirmation of membership of individuals registering through the website.
- f. The International Board of EUROAVIA ensures that the procedure regarding the Membership Database is done in compliance with the "Privacy Policy Declaration" and "Membership Database Registration" documents that are approved by the EUROAVIA Congress.

8 Affiliated Societies' Local Reports

The Affiliated Societies' local report presentations at every regular Meeting of the EUROAVIA Congress shall include at least the following topics:

- a. Financials/Sponsors (including income and expenditures in EURO);
- b. Member Structure (number, statistics on types of membership, field and year of study);
- c. Events (local and international);
- d. Structure and Organizational issues (Local Board, Working Groups).

The International Board may define different specifications and a time limit for the presentations and send them to the Affiliated Societies at least two weeks before the beginning of the respective congress.

Affiliated Societies not present at the congress shall hand in a written report covering the topics stated in articles 8.a to 8.d and as stated under 1.2d of the bylaws. The length of this report shall not exceed 2 A4 pages.

The International Board may request a written, non-public, detailed report on the activities and financial affairs connected to a specific, non-local activity. This report has to be signed by the President and the Treasurer of the Affiliated Society and must be sent to the President of the International Board within six weeks after returning from the Annual Meeting of the EUROAVIA Congress.

9 Contactability

Every Affiliated Society shall be reachable at least by e-mail, and the President of this Affiliated Society shall be contactable at least by both e-mail and phone. Reachable in this context means that e-mail sent to the address reaches its destination (Affiliated Society or President) within three working days after arriving at the addressee. A message transmitted by phone shall reach the President within three working days after the call; furthermore, the President must be able to answer a call on a predetermined date. The board of the Affiliated Society is responsible for providing the necessary data (email-address, address & phone number) to the Secretary of the International Board.

10 The EUROAVIA Logo

The official international EUROAVIA logo will be as shown below.

The colour of the logo shall be specified in a separate file (Corporate Identity) provided by the International Board. The International Board may decide to use a modified version of the official international EUROAVIA logo for special purpose. The use of a modified version of the official logo is temporary and must be authorized by the next Congress for further use. (Prospective) Affiliated Societies/ (Prospective) Adjunct Member are free to design a specific logo for use to promote their (Prospective) Affiliated Society/ (Prospective) Adjunct Member, which can differ from the international EUROAVIA logo.

Modifications of the specific logo should comply with the following guidelines:

- a. No significant changes of the logo shape nor the format of the logo (EUROAVIA letters, the three horizontal lines and the letter E);
- b. The colour of the three horizontal lines inside the logo can be changed;
- c. All kind of shapes and letters can be added inside or to the outside of the logo.

The International Board will have to give their approval for the designed logo before an (Prospective) Affiliated Society/ (Prospective) Adjunct Member is permitted to use it. This is only a temporary approval until the next EUROAVIA Congress, where each logo approval has to be announced officially.

11 Language and Timezone

11.1 Language

The language used within the Association for the international activities shall be English.

11.2 Time zone

The time zone used within the Association shall be Coordinated Universal Time (UTC). Local Groups are free to use their local time for their internal activities.

12 The EUROAVIA Statutes and Bylaws

12.1 Statutes and Bylaws

Every (Prospective) Affiliated Society/ (Prospective) Adjunct Member and every International Board Member should have one set of EUROAVIA Statutes and Bylaws. Each set should have the date of ratification clearly marked on the title page in order to avoid usage of old copies. It will be the responsibility of the International Board Secretary to spread new sets of Statutes and Bylaws among the (Prospective) Affiliated Societies/ (Prospective) Adjunct Members and International Board Members within six weeks after the EUROAVIA Congress on which changes were made to the Statutes or Bylaws.

12.2 Amendments to the Bylaws

The articles of the EUROAVIA Bylaws shall only be amended on the basis of a decision of the General Meeting which is convened stating that an amendment to the Bylaws will be proposed at that meeting.

The proposal to amend the Articles must be made public to all (Prospective) Affiliated Societies/ (Prospective) Adjunct Members at least three months before the start of the General Meeting and it shall include the literal text of the amendment proposed, for inspection by the members. The General Meeting may only decide to amend the Bylaws by a two-third majority of the votes cast.

13 Travel and Trainers Support Program

13.1 Definition

The Travel Support Programme (TSP) is a tool provided by EUROAVIA for its (Prospective) members to increase the participation to international events.

The TSP provides a partial refund of the travel costs for international events, encouraging members to actively participate in the international life of EUROAVIA. The only international events that are currently supported by the TSP are Congresses (AMEAC, EMEAC and ExMEAC), Formation Workshops and the Train New Trainers, being these events the most important for the well-being of the association.

Furthermore, due to the necessity to attend events both to deliver trainings and to get refresh courses, the International Board shall reserve to the members of the EUROAVIA Training System Working Group a special Trainers Support Program (TnSP).

The amount of money allocated for the TSP and TnSP must be defined by the International Board in the Financial Plan at the beginning of the Business Year and they must be approved by the EUROAVIA Congress.

13.2 Eligibility

The TSP is an exclusive tool of (prospective) members of EUROAVIA and of Designated International Board candidates, i.e. Working Groups, the International Board and Trainers for Formation Workshops and Train New Trainers are not eligible for the TSP. Each of these categories must refer to their own support framework, specifically Working Groups members shall refer to the respective Working Group budget, the International Board to the IB Travel Fund and Trainers to the TnSP.

Designated International Board candidates are eligible for the TSP only when they attend Congresses, i.e. they cannot apply for the TSP for Formation Workshops and Train New Trainers events.

Only two (2) representatives per (Prospective) Affiliated Society per Congress and one (1) representative per (Prospective) Affiliated Society per Formation Workshop and Train New Trainers are eligible for the TSP. The International Board reserves the right to modify such constraints in specific situations when needed.

There is no limit concerning how many times the same representative can apply for the TSP.

13.3 Procedure

13.3.1 Application and Deadlines

At the opening of the first application period for an event (either a Congress, a FoWo or a TNT), the International Treasurer must inform (preferably via email) all Affiliated Societies about the possibility of applying for the TSP. Deadlines, terms and conditions must be clearly specified in such communication. A remainder with the same information must be sent at the opening of the second application period.

The deadline to apply for the TSP is set to one week after the closing of the second application period.

The deadline to send the receipts of travel costs is set to one week after the end of the event. (For more information about required receipts check section "Required information").

13.3.2 Required Information

At the moment of the application, the following information must be provided:

- a. Full name;
- b. Mobile number;
- c. Email;
- d. Bank account details (Account holder, IBAN, BIC);
- e. Detailed description of the travel with specified costs per means of transportation used;
- f. In case of travel by car, the car specifications (brand, model, type of fuel, fuel consumption) must be provided and the optimal route given by a navigation system (e.g. Google Maps) will be considered. Highway costs shall be included and receipts shall be required.
- g. Total travel costs.

As specified in section 13.3.1, all receipts of travel expenses must be delivered to the International Treasurer within one week from the end of the event. Original receipts are to be preferred. Scanned versions of receipts are acceptable likewise, provided that the originals cannot be provided.

Concerning cars, no receipt is required since, as above specified, car details and optimal route will be used for calculating actual petrol costs.

13.3.3 Accepted means of transportation

The following means of transportation are accepted for applying for the TSP:

- a. Airplanes (only economy class);
- b. Trains (only second class);
- c. Ships, ferries and similar (only second class);
- d. Buses (only second class);
- e. Cars;
- f. Taxis (only when it can be proved that no other option is available).

The International Board reserves the right to modify such constraints in specific situations when needed.

13.3.4 Maximum limit of accepted travel costs

The maximum limit of accepted travel costs shall be set to EUR 400. In case an applicant to the TSP or TnSP presents travel costs higher than the specified amount, EUR 400 shall be considered as travel costs.

13.3.5 Exceeding number of participants

In case of participation to an event of more members per Affiliated Society than what specified in section 13.3, only the member(s) of that Affiliated Society with the cheapest travel costs will be considered eligible for the TSP. The considered Affiliated Society has the right to choose how to divide the money coming from the TSP among its members who participated to the event.

All participants to the event belonging to the considered Affiliated Society must provide proof of their travel costs to the International Treasurer. It is task of the latter making the participants of that Affiliated Society and the Affiliated Society itself aware that they must present details of their travel expenses. In case these details would not be provided, the participants to the event belonging to that Affiliated Society cannot be considered eligible for the TSP.

13.3.6 Partial attendance to an event

In case a member cannot attend all obligatory parts of an event (Business Meeting for Congresses and Working Day for Formation Workshop and Train New Trainers) a linear proportional reduction to his/her travel support must be applied. For instance, a member

attending three out of four Business Meetings during a congress is entitled to receive 75% of his/her travel support.

Specific cases and exceptions such as unpredictable situations, illness and similar must be analysed on a case by case basis by the International Board.

13.4 Algorithm

The algorithm used for calculating the travel support for each event is based on the following two principles:

- a. The percentage of refunded money grows linearly with the amount of money spent, so that members who spend more for their travel costs will be refunded more.
- b. The amount of money effectively spent, i.e. the difference between money initially spent and money refunded, always increases with increasing travel costs.

The first principle ensures that representatives with higher travel costs are more incited to participate in the international life of EUROAVIA, while the second principle ensures fairness towards all representatives and motivates them to opt for the cheapest travel option.

Details about the algorithm and its equations can always be consulted at www.euroavia.eu or writing at ib@euroavia.eu.
